

Child Protection Awareness

GENERAL COURSE INFORMATION:

This course is aimed at groups or individuals to put in to context Children First National Guidance, recognising child abuse, responding to and recognising to concerns about children and working together.

Course Aim:

At the end of the course participants will:

Know categories, signs and symptoms of child abuse.

Understand roles, responsibilities and duties.

Have practiced applying their knowledge to case scenarios and making decisions.

Know how to report child abuse concerns.

Understand need for inter-professional and inter-agency co-operation.

Objectives:

To improve services to children and families through increased understanding of child protection and welfare & to enhance inter-professional and inter-agency co-operation.

Training sessions and Workshops can be undertaken at The Cavan Centre or at your place of work.
